Highlighted areas above denote counties from whom we have not yet received an estimate.			

*** Please note: Counties provide the *estimates* of remaining uncounted ballots at the close of their tallying on election night, or shortly thereafter. Therefore, the actual number of ballots processed may not precisely match these estimates when the final, official canvass of votes concludes. Remaining unprocessed ballots are comprised of absentee, provisional and damaged ballots. Counties have 28 days from election day, or December 5, 2006, to process all ballots.**
